

SHOW ROOM 3in1

Hybrid Quick Detailer

Description :

This Hybrid Quick Detailer is a unique combination of Carnauba, PTFE and natural surfactant which promotes shine and cleansing water-free painted or plastic surfaces. Easy to use, spray and wipe off for a glossy finish, especially on dark colors. It does not stain plastics and rubbers.

SHOW ROOM protects and shines your investment by preserving and renewing the original luster. Easily cleans fingerprints and eliminates swirl marks on new vehicles. Leaves a remarkable shine. Ten minutes are all it takes to polish a vehicle to a brilliant shine.

The SHOW ROOM is used to wash your vehicle without water or to maintain the shine of your car. It increases the shine of new cars and does not affect the sealant. Express Polish is ideal for showrooms and car washes. Particularly appreciated by new and used car dealers.

Advantages :

- Quick and easy to use.
- Mirror finish, exceptional shine and glide.
- Eliminates micro-scratches and swirl marks on the paint.
- Cleans and shines all exterior surfaces.
- Does not stain plastics and rubbers.

Instructions :

It is best to work in a shady place, the surface should be dry, warm and out of direct sunlight. Spray on surface and spread evenly with a # 4012 microfiber cloth. Use one cloth to clean and another clean cloth to wipe dry. Wipe off immediately for a high gloss finish. Use different cloths for the upper and lower parts to avoid scratches. Avoid splashing already cleaned surfaces, do not allow to dry.
