

VINYL FAB Fabric, Vinyl & Leather Cleaner

Description :

VINYL FAB is ideal for interior shampoos and cleaning vinyl or leather surfaces. It contains very strong surfactants which remove dirt from seats, door panels, interior roof arches and vinyl roofs. The fabric cleaner foam cleans quickly by lifting up dirt and grease without saturating fabric fibers.

This concentrated product produces a foaming action to easily clean any upholstery, vinyl or leather upholstery, as well as all fabrics and rugs. Leaves a pleasant new car smell when dry.

Advantages :

- Excellent foaming action for interior cleaning and shampooing.
- Concentrated product acts quickly to facilitate cleaning.
- Cleans fabric, vinyl, leather and carpet.
- It dries quickly and leaves no residue.
- Leaves a fresh and pleasant aroma.

Instructions :

For carpet and fabric: Vacuum the areas to be cleaned before. Dilute one part of the product with 6 parts of water; lather with a sponge or brush. Scrub the foam onto the carpet or fabric with a soft bristle brush # 5201, in circular motions for best results. Then vacuum to remove all traces of cleaner and dirt.

To clean vinyl and hard surfaces: Spray liquid and wipe with a damp sponge or clean cloth. Wipe off any excess product with a damp cloth and follow with a clean cloth.

To clean leather: Dilute one to one with water. Spray or apply with a sponge on the surface to be cleaned, rub with a cloth or brush with a soft bristle brush # 5201 to avoid damaging the leather. Wipe off any excess product with a damp cloth and follow with a clean cloth.

To remove grease stains: Use PREP Multi-Purpose Stain Remover # 716-016 first and continue with VINYL FAB cleaner for a complete and uniform cleaning.
