

## **HD CLEAN** Water-Based Degreaser

### Description :

HD Clean is a cleaner degreaser for various applications based on highly efficient detergents that are readily biodegradable. Highly concentrated formula to be used as is for the most demanding jobs or diluted for regular maintenance or clean-up.

Especially recommended for mechanical parts surrounding the engine under the hood. Formulated to lift up carbonized and caramelized oils stains, as well as grease, bug residues, bird droppings, salt and most types of stains. Excellent rim, wheel and tire cleaner.

It can be used to clean and degrease all household surfaces, such as bathroom, basement and garage, anywhere stubborn domestic stains are present. Ideal for cleaning garage floors and walls.

### Advantages :

- Biodegradable concentrated formula.
- High performance product using environmental friendly ingredients.
- Combined action of a degreaser and a cleaner.
- Domestic & professional use.

### Instructions :

**Interior cleaning:** If rug or upholstery is cleaned for the first time, check small area for color fastness. Vacuum area to be cleaned. Dilute 1 to 8 with water, spray and allow to penetrate the stain, scrub lightly with a sponge or upholstery brush # 5201. For carpets, sponge in other direction to raise nap. Rinse with wet towel or dry area completely with a clean towel or cloth, then re-vacuum cleaned area.

**Exterior cleaning:** Always use on a cool wet surface to clean tires, whitewall tires, wheels, rustproofing residues or bugs, dilute 1 to 2 with water, spray a wet coat allow one minutes soaking then rinse with strong stream of water.

**Engine cleaning:** Use on a cool, dry engine, no dilution, spray a wet coat, allow two minutes for soaking then rinse with strong stream of water.
