

## **BUG OFF** Bug Remover

### Description :

BUG OFF immediately eliminates incrusted insect residues as well as bird droppings on your car. Its foaming formula works quickly on surfaces such as car windshields, bumpers, grille, hood, mirrors and headlights. This product is biodegradable within 21 days.

### Advantages :

- Removes bug stains, bird droppings and other contaminants on cars surface.
- Environmentally safe, non-toxic.
- Foaming formula stays on the spot to soak and better dissolve.
- Safe on wax, clear coat, paint, decals, polishes and on all surfaces.
- No unpleasant smell.

### Instructions :

**Recommended Use:** Cleans off insects from windshields, grill, hood, mirrors and headlights. Removes road side grime such as oil, grease and tenacious stains.

First, spray the surface to be cleaned with water. Do not use the product on hot surfaces or expose to sunlight. Spray BUG OFF evenly from a 20cm distance on the surface to be cleaned. Let work for approximately one minute. Do not let product dry on surface. Rinse with high pressure water jet or clean with insect sponge to obtain a clean surface.
