

CLEAN ALL All Purpose Cleaner

Description :

Clean All is a universal, powerful and ecological cleaner. Excellent for all types of cleaning. Can be used on all surfaces, such as vinyls, fabrics, rubber and paints. Very effective in removing grease, oil, traces of insects or any other dirt.

Specially recommended for mechanical parts surrounding the engine under the hood. Formulated to lift carbonized and caramelized oils, insect stains, as well as all types of stubborn stains, such as grease, oil and calcium (sodium) from carpets and fabrics. Excellent and safe for cleaning tires and rims.

Can be used in a variety of locations, such as kitchens, bathrooms, basements and garages, anywhere stubborn household stains can be found. Ideal for cleaning garage floors and walls.

Advantages :

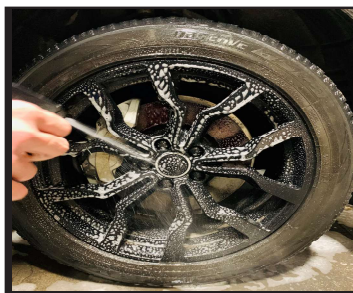

- Concentrated biodegradable formula.
- High performance product based on environmentally safe ingredients.
- Combined action of a cleaner and degreaser.
- For domestic and professional use.

Instructions :

Interior of the vehicle: Test the product on a small area to make sure the materials do not bleed. Vacuum the areas to be cleaned. Dilute 1 to 6 with water, spray, let the product work, rub gently with a sponge or a fabric brush # 5201. For rugs pass the sponge in the opposite direction to raise the pile. Wipe with a damp cloth or dry the surface completely with a clean cloth. If necessary, vacuum again to remove excess accumulated.

Exterior of the vehicle: Dilute 1 to 2 with water, spray on a cold surface, allow to penetrate for one minute, rinse with a powerful jet of water.

Engine cleaning: Do not dilute, spray on a cold engine, allow to penetrate for about two minutes, rinse with a powerful jet of water.
