

CITRUS MAX General Purpose Cleaner

Description :

Citrus Max General Purpose Cleaner is the latest innovation in water-based concentrated cleaner and degreaser. Its superior efficacy is notably due to its solvent addition of citrus extracts, which is preferred to more harmful conventional solvents. Removes stubborn stains and cleans surfaces without damaging them, while leaving a fresh odor.

Effective on fabrics, plastics and vinyls on doors, vaults and seats; as well as removing sodium / calcium from carpets. Excellent for removing insect residues and bird droppings on the body, cleaning tires, rims and wheel arches, dirt accumulated on the rocker panels as well as those of the engine compartment.

In addition to the automotive sector, this citrus cleaner is suggested for trucks, garage floors, machinery and industrial equipment...

Advantages :

- Excellent for interior and exterior cleaning.
- Versatile for all industrial cleaning: washing tub, floor and wall.
- Use with a dosing system, cleaning gun or carpet extractor.
- Concentrated formula that can be diluted as needed (economical).
- Biodegradable components, and leaves a fresh citrus smell.

Instructions :

Use gloves to protect your hands. Wearing a mask is suggested in confined spaces, when exposed for long periods. Spray the product on the cleaned surface or saturate a cloth / microfiber for a quick wash. If necessary, rub the surface with a brush to dilute stains. To remove residue, rinse with a cloth / Microfiber soaked in water. It is always suggested to test the product in a less visible area to see the result.

Recommended dilution:

- Industrial cleaning: Ready to use

- Medium cleaning: 1 : 1

- Light cleaning: 1 : 4
